

### Holiday Death Toll Likely to Set Record

By THE ASSOCIATED PRESS

Traffic	375
Boating	29
Drowning	41
Miscellaneous	84
Total	529

The soaring death toll in traffic accidents on the nation's highways over the long Memorial Day holiday appeared headed for a record today.

Despite pleas of police and safety experts for the use of extreme caution by motorists, traffic deaths were averaging one every 15 minutes—more than four an hour—since the count began at 6 p.m. Friday. If this rate continues to the end of the holiday period at midnight tonight, the toll would surpass the record of 413 highway fatalities in the four-day Memorial Day observance of 1957.

There also was a heavy toll of other accidents deaths, including drownings and from miscellaneous mishaps.

The heaviest day of the long weekend appeared likely today as millions of motorists start the trip home from holiday outings. Generally pleasant weather in most of the nation was expected to lure millions to the highways for Memorial Day visits.

National Safety Council officials joined with law enforcement agencies in urging motorists to drive with extreme care.

Many multiple death crashes have been reported. Four persons, including a family of three, were killed in a two-car accident near Springfield, Ill., Monday night.

A council spokesman said the holiday today was "potentially the most dangerous" of the long weekend. He said virtually all of the nation's 74 million automobiles would be on the roads. Traffic normally reaches its peak during the late afternoon and evening of any major holiday.

The council had estimated that 100 persons might be killed in the 30-hour period from 6 p.m. Monday to midnight tonight, 30 more than on a non-holiday Tuesday. It said traffic deaths for a four-day or 102-hour period at this time of year would number 385. However, it did not estimate the number of traffic deaths for the entire four-day weekend as Monday was observed as a work day.

An Associated Press survey for a 102-hour non-holiday period, from 6 p.m. Friday May 12 to midnight Tuesday, May 16, showed 341 traffic fatalities. Other violent deaths, including 14 in boating, 78 drownings and 106 in miscellaneous accidents, boosted the over-all toll to 539.

In the 1957 four-day Memorial Day period, in addition to 413 traffic deaths, 134 persons drowned and 113 others lost their lives in miscellaneous type accidents for a total of 660.

### Gunman Has Admitted to Holdups

ST. LOUIS, Mo. (AP)—A young gunman captured Monday night in a holdup in which his partner was killed admitted in a signed statement today two holdup slayings earlier this year. He blamed a third slaying on his slain partner.

Circuit Attorney Daniel P. Reardon Jr. said two first degree murder warrants will be issued against Lloyd Lee Anderson, 18.

The prosecutor said the Missouri youth admitted he fired the shots that killed Thomas Grupe, 15, a drugstore delivery boy, in a holdup at a store May 18, and William Schulze, 59, in an attempted holdup of Schulze's grocery March 25.

Clewiston Jones, 19, killed by a riot gun blast as two policemen interrupted a liquor store holdup Monday night was named by Anderson as the killer of Emerson Wright, 47. Wright was shot to death as he struggled with a holdup man outside his liquor store May 24.

Police still are looking for an older Negro described by Anderson only as "Ray" who also took part in the drugstore crime.

The Grupe boy, whose father died of leukemia a few months ago, had taken the drugstore job to help with family finances.

### Film Brought to Hope by the Legion

A representative group of business men, ministers, city officials, members of Veterans of Foreign Wars, American Legion Post No. 12 and Post No. 427 and their Auxiliaries, witnessed the showing of the film "Operation Abolition" at the Hope Coliseum last week.

This film was brought to Hope by State Adjutant Loyd McDermott and State Finance Officer Lawrence Fisher of the American Legion under the sponsorship of the Leslie Huddleston Post No. 12 and its Auxiliary.

The film deals with Communist agitation and rioting during hearings conducted by the House Committee on Un-American Activities in San Francisco in May, 1960. Mr. McDermott explained that since release of the film, the major offenders had been convicted by the Supreme Court.

Mrs. Cecil Weaver, local president, introduced State Auxiliary President, Mrs. E. F. Formby and extended a welcome to guests, with a special vote of appreciation to Jerome Duffie for his assistance in showing the film and those responsible for the publicity.

### Strike Called in S. Africa Race Trouble

JOHANNESBURG, South Africa, (AP)—South African police were out in strength again today to protect nonwhites going to work in defiance of a call from leaders to strike for the right to vote and hold office.

Police on overnight patrols of sprawling Negro townships outside the big cities encountered sporadic violence—mostly cases in which African pickets assaulted African nonstrikers.

First reports indicated the response to the strike orders today would be even weaker than it was Monday, when the three-day protest started.

The strike made a strong showing Monday only in Johannesburg. In other major cities work went on almost normally. But its chief organizer, Negro attorney Nelson Mandela of Johannesburg, said the strike would continue through Wednesday when the new South African Republic will be inaugurated in Pretoria.

The object of the strike was to force the republic to grant the country's 13 million nonwhites the political rights now reserved for the three million whites.

During the night, two buses carrying workers home were stoned in Durban. In Cato Manor Negro township outside Durban, police smashed roadblocks erected by striking blacks. In Port Elizabeth police rescued a bus driver and a bus conductor, both Negroes, from a mob of demonstrators who were beating them with stones and clubs.

In Port Elizabeth also, two nonwhites died and 24 were taken to a hospital after an assault. The attacks were not explained, but the supposition was that they were connected with the strike.

### Dag Thinks Peace May Be Endangered

OXFORD, England (AP)—Dag Hammarskjold declared today that world peace may be endangered if the United Nations rejects the principle of an international secretariat directed by a truly independent chief executive.

The U.N. secretary-general now under attack by the Communist nations outlined his stand at Oxford University, where he was awarded an honorary degree as doctor of civil laws.

Soviet Premier Khrushchev has proposed that Hammarskjold be replaced by a three-man U.N. executive representing the Communist, neutral and Western nations.

Now, even in Western circles, Hammarskjold asserted, it is being said that the United Nations might have to switch from an international secretariat "to an intergovernmental secretariat, the members of which obviously would not be supposed to work in the direction of an internationalism considered unpalatable to their governments."

He said such a concept, if accepted by U.N. member nations, might "well prove to be the Munich of international cooperation as conceived after the First World War and further developed under the impression of the tragedy of the Second World War."

"To abandon or to compromise with principles on which such cooperation is built may be no less dangerous than to compromise with principles regarding the rights of a nation. In both cases the price to be paid may be peace."

### Canadian Air Surges Into U. S.

By THE ASSOCIATED PRESS

A surge of Canadian air gave Memorial Day a wintry sendoff in eastern sections of the country today.

Skies generally were clear, but the mercury skidded into the 30s and 40s over much of the area from the Great Lakes and northern Ohio into West Virginia, Pennsylvania, New York and New England.

Saratoga Lake, N.Y., had a frigid 24 degrees.

Other record low readings for the date or so late in the spring included:

Buffalo, N.Y., 34; Cape Hat, N.C., 49; Lansing, Mich., 33; Beaumont, Tex., 53; Akron Ohio 35; Columbus, Ohio, 36 and Cleveland 32.

Officials of the southwest region of the National Association for the Advancement of Colored People, meeting at Dallas, Tex., Saturday, voted to work to integrate National Guard units in five states, including Arkansas.

"You know very well that Gov. (Orval E.) Faubus is the commander of the Guard in Arkansas," Clinger said in reply to questions about a possible integration attempt. "Any statements on this should come from him."

Faubus will not be available until Wednesday, his office said.

## First Group of New Freedom Riders Are Arrested in Jackson

### Kennedy Heads for European Conferences

By WHITNEY SHOEMAKER

HYANNIS PORT, Mass. (AP)—President Kennedy leaves for Europe on this day of dedication to victims of war with the vow to retreat not one inch as a spokesman for freedom.

Kennedy flies to Paris tonight for conferences with President Charles de Gaulle of France and, beginning Saturday in Vienna, with Soviet Premier Khrushchev.

On his 44th birthday, Kennedy declared Monday night that "serious miscalculations, serious misapprehensions" on the part of the adversaries led to the three wars fought in his lifetime.

Looking toward his talks with Khrushchev, Kennedy indicated he hoped to erase any such miscalculations at this time of dispute between great powers.

Kennedy spoke amid cheers at a gala political-personal birthday celebration in his home town of Boston.

He said he goes to Europe as "leader of the greatest revolutionary country on earth."

Americans believe in freedom and always intend to be associated with that cause, he said. He quoted as personal doctrine this message carved on a Boston statue of William Lloyd Garrison, famous New England abolitionist: "I am in earnest, I will not equivocate, I will not excuse, I will not retreat a single inch, and I will be heard."

Kennedy's speech drew lusty applause from the crowd of at least 5,000 that filled Boston's Commonwealth Armory for a dinner to celebrate the birthday of the youngest man ever elected president. The \$100-a-plate banquet also was intended to raise funds for the party.

A Kennedy aide said the proceeds of \$500,000 added to income from a similar function in Washington last Saturday, reduced the Democratic debt to just under \$1 million.

Kennedy flew back to Hyannis Port after the banquet to spend his last quiet night before taking off for Paris. He is scheduled to hop to New York this afternoon for an hour's conference with Prime Minister David Ben Gurion of Israel.

### Venezuelan Plane Down Carrying 48

LISBON, Portugal (AP)—A Venezuelan airliner carrying 62 persons was reported to have crashed today four minutes after taking off for South America.

An unconfirmed report said the four-engine plane went down on the Caparica coast on the south bank of the River Tago across from Lisbon.

At Caracas, Venezuela, the Venezuelan airline Viasa said today it had "officially given up for lost" the jet airliner which took off from Lisbon for Caracas. A company spokesman said he had no additional details.

Rescue planes and ships began searching for the plane at dawn. The KLM Press Service in the Hague said there were 48 passengers aboard—10 of them believed children—and 14 crew members.

The Royal Dutch airline KLM, which operates jointly with Viasa on the South American route, said the passengers were Venezuelan, Portuguese and Spanish with possibly one Italian and one Frenchman aboard.

The airliner was bound for Venezuela and Curacao in the Dutch West Indies.

**THE EASTERN ARENA**—The little land of Laos, seat of international crisis, is situated appropriately in the center of Newsmag above. In this troubled eastern arena of the cold war, the tremendous mass of Asiatic Russia, Mongolia, Manchuria and China—all Communist—looms over the struggling nations and islands of the subcontinent. Tibet, North Viet Nam, and North Korea represent the present limits of Red expansion. Laos leans perilously close to being

enveloped by the encroaching tide, while South Viet Nam is being talked about as the point where the Western world will draw its line. Around the Communist periphery, a score of nations—some pro-West, some endeavoring to remain neutral—attempt to solve the problems of newly won independence, increasing population, industrialization, amid growing pressures from East and West. Home of ancient civilizations, Asia may hold future of all civilization.

Marital Knot Tied With Some Help

DULUTH, Minn. (AP)—An obliging judge and court clerk co-operated late Monday to tie the marital knot for two seafaring lovers whose marriage plans previously had been thwarted nearly halfway around the world by tight ship schedules and waiting periods.  
With only a few witnesses present in an unadorned courtroom, Marion Christoffers, a secretary from Hamburg, Germany, became the bride of Roald Larsen of Vordingborg, Denmark. It marked fruition of an international romance of several years between the couple, in their early 30s.  
Miss Christoffers said firm marriage plans had been made several times before only to have her prospective husband some thousands of miles distant when the wedding day arrived. He is a steward aboard the Norwegian freighter Arnfinn Stange, now in Duluth to load a cargo of grain.  
Tired ob being stood up, Miss Christoffer quit her desk job in Germany, signed up as a stewardess aboard the ship of her husband-to-be.  
When the Arnfinn Stange docked here Saturday, the couple learned there was a five-day waiting period in Minnesota.  
Walter F. Sorenson, Duluth clerk of court, told them a waiver could be had if a judge could be found.  
Sorenson located Judge Thomas Buford of Municipal Court. Yes, the judge would be glad to sign the waiver only right now he was mowing his lawn and wanted to finish the job.  
Judge Buford finally appeared at the courthouse, and also performed the ceremony.  
The Arnfinn Stange sails Wednesday for Rotterdam with the honeymoon couple aboard.

200 Year Old Bell Back in Japan

YOKOSUKA, Japan (AP)—A 200-year-old temple bell was returned here today after an 18-year odyssey that took it to Atlanta, Ga.  
Its homecoming was made possible by the Rotary Clubs of Atlanta and Yokosuka, and Mayor William Hartford of Atlanta following an exchange of letters with Mayor Masayoshi Nagano of Yokosuka.  
In a 45-minute ceremony, attended by leading U.S. Naval and civilian officials and Japanese representatives, the ancient bell was restored to the 700-year old Jodoji Temple.  
How the bronze bell reached Atlanta is a mystery.  
It was donated by the Jodoji Temple to the Japanese Navy during World War II. It was last seen in a scrap iron depot in 1943 here in this naval port city, 30 miles south of Tokyo.  
The Japanese thought the big bell, cast by a Tokyo bell-maker in 1747, had been melted down and converted into ammunition.  
Then, the U.S. Cultural center in Yokohama notified Yokosuka city officials a bell bearing the temple's inscription was in storage in Atlanta.  
It was shipped back by April 3. Atlanta was represented at the ceremony today by 20 Rotarians led by their club president, J. Marshall Weaver. The Rotarians

Would Finance Cuban Drive

LITTLE ROCK (AP)—The 15th Arkansas District of the American Legion is urging other Legion groups to join in financing a counter-revolutionary move in Cuba.  
The group passed a resolution Sunday calling for funds for 600 warplanes, tanks and landing craft to be used by "freedom" fighters from the continent for the purpose of regaining liberty for Cuba.  
The resolution also expressed opposition for a proposed exchange of tractors for prisoners, saying "the very thought of exchanging machinery for human beings is revolting and contrary to all principles of freedom."

Life Given to Woman Torso Slayer

MENA, Ark. (AP)—Mrs. Norma MacDonald-Young will begin a life prison sentence Wednesday for the butcher slaying of her 73-year-old former husband.  
She pleaded guilty Monday and was given the life term by an all-male jury. Judge Bobby Steel pronounced formal sentence after she waived a 48-hour waiting period.  
The 49-year-old Mrs. Young sat quietly through most of the one day trial, speaking only occasionally to her two attorneys and the Rev. Elbert Jean, a Methodist minister.  
Although she pleaded guilty to the fatal shooting and dismemberment of E. B. MacDonald Sr., last December, no definite motive was established. Until the time of her trial she had maintained she was innocent.  
Asked if she had anything to say before sentence was passed, the graying Mrs. Young said she would leave any remarks to her attorneys. They had nothing to say.  
But in a final statement to the all-male jury, defense attorney Nabors Shaw said Mrs. Young told him that she alone was responsible for MacDonald's death.  
Prosecutor Ben Core said he personally thought that she had committed the crime alone.  
MacDonald, a 6-footer, weighed between 180 and 200 pounds. Mrs. Young weighs about 120 pounds.  
Authorities who described her as a model prisoner during her five months in jail said she never

dom Riders to be arrested when they reached Jackson and tested the segregation laws, Haley said "we have no reason to believe there's been a change of policy by the Jackson police."  
In a surprise move late Monday night, Hinds County Sheriff J. R. Gilfoxy shifted 19 convicted Freedom Riders from the county penitentiary to the downtown county jail.  
Gilfoxy said other prisoners protested the presence of the Freedom Riders and refused to associate with them. There are 25 whites and more than 100 Negroes at the farm, the sheriff said.  
The sheriff's action came on the heels of the reported beating of the Rev. C. T. Vivian, 36, Chattanooga, Tenn., by a penal farm guard. The Negro minister, wearing a small bandage was one of those moved.  
It was the first report of violence in Mississippi in connection with the Freedom Riders.  
Gov. Ross Barnett launched an investigation into the incident and FBI agents quizzed the penal farm director and others.  
W. Wade Bromwell, special agent in charge of the New Orleans area FBI office, said Asst. U.S. Atty. Burje Marshall requested a probe.  
Vivian and the 18 others chose confinement at the prison farm rather than pay the \$200 fines assessed last Friday when they were convicted on breach of peace charges, stemming from their use of for-white only facilities at a cross-country bus terminal. Eight others posted appeal bonds or paid fines.  
CORE field director Richard Haley said Vivian was clubbed because he failed to address a prison guard as "sir."  
Penal farm director Max Thomas said the minister refused to cooperate.  
After moving the 19 back to the county jail, where they joined 17 other Freedom Riders convicted Monday on the same charge, Gilfoxy said, "They'll stay here until they pay their fines or post appeal bonds."

Will Talk Over Damaged Roads

LITTLE ROCK (AP)—Two top Arkansas Highway Department officials will meet Wednesday in Washington with Sen. J. W. Fulbright, D-Ark., to discuss damage to roads during construction of missile bases.  
Highway Director F.R. Oliver and Commissioner Truman Baker of Searcy will confer with Fulbright about getting federal funds to pay for repairs.  
Oliver has estimated that 200 to 300 miles of road will be damaged before the 18 Titan II missile launching sites around Little Rock Air Force Base are completed.  
Other states also are complaining about highway damage and Idaho will present its case at Wednesday's session.

discussed MacDonald's death.  
State Police investigator Carroll Page, one of seven state witnesses, testified that the couple had been having domestic difficulties.  
Although divorced from MacDonald in 1952 after 21 years of marriage and subsequently married and divorced to another man, Mrs. Young returned to live with MacDonald without remarriage, Core said.  
Core said the two lived on a small farm near here from April, 1960, until MacDonald disappeared. They have two grown children, both of New Orleans.  
Mrs. Young also is the mother of a 9-year-old daughter, Core said.  
MacDonald's torso was found in a neighbor's well Dec. 30, eight days after he was last seen alive. Parts of the body were found in a septic tank at the MacDonald farm.  
The head and other parts of the body were found at Covington, La., in a shed behind a house Mrs. Young rented there last Christmas Day. She was arrested there Jan. 7.

Dr. Douglas Young of the University of Arkansas Medical Center in Little Rock testified that MacDonald was shot in the back of the head. Parts of the body appeared to have been boiled, Young said.  
Other state witnesses testified that bloodstains found about the MacDonald house indicated the body had been dragged from the bedroom to the bathroom where it was dismembered with a sharp knife and saw.  
After Mrs. Young changed her plea to guilty, Core waived the death penalty and asked for the life sentence.  
The courtroom was packed with spectators during the trial, but Mrs. Young paid no attention to the crowd.  
Although Mrs. Young pleaded guilty, state law requires that a jury determine the degree of guilt in capital crimes.

Flowers for the Living

By HELEN WORDEN ERSKINE

Dear Helen: Will you publish this on Memorial Day as it is, in a sense, "Flowers for the Living"? I love my mother - in-law and think her a wonderful, generous and considerate person. She has her faults and I have mine but we get along just fine. Since my father - in-law passed away, we have grown even closer, more like mother and daughter. She always comes when I need her help and gives it with a loving hand. I hope you will print this so other girls will try to understand and love their mothers-in-law as I do mine. —Mrs. Jean Gallard, Showano, Wis.

Dear Mrs. Gallard: I like your idea of "flowers for the living" on Memorial Day. I also like your letter in praise of a mother-in-law. Thank you!

Dear Helen: I have been very interested in the in-law question and am willing to admit that way back, I was a poor in-law. My brothers married fine girls but I found fault with them and was jealous.

They were young and had many things to learn, as we all had. Now, after 40 years, I look at my in-laws, see they are very fine women, and hang my head in shame! My own dear mother-in-law a wonderful woman, said everybody had faults, to accept this, then look for the good. I can never remember her saying a harsh thing about anybody.

I remember a dear old couple whom we all thought ideally mated. But one day the old lady confided to close friends that the first years of her married life were a nightmare. She had the bad habit of sitting down, in the midst of housework, to finish some took. His bad habit was

## Officers in France Are Now on Trial

By GODFREY ANDERSON

PARIS (AP)—Gen. Andre Zeller, on trial for his life for leading a military insurrection in Algeria, collapsed today when he tried to speak in his own defense. He was carried from the courtroom.

The graying, 63-year-old former army chief of staff, was weak and almost incoherent as he began his defense. He started to speak after codefendant Gen. Maurice Challe completed his own defense in clipped military tones, claiming that only a bare handful of officers in Algeria opposed the military coup d'etat last month.

Zeller resumed his testimony after a short recess, but hardly had he begun again when he slumped back in his chair once more, with his hands over his eyes.

Defending his opposition to the Algerian policies of President Charles de Gaulle, whom he hoped to topple from power, Challe said the French army now "is only united in its despair."

Challe spoke in his own defense after the prosecutor had read an 11-page indictment charging him and Zeller with leading an armed insurrection—a charge punishable by death. Challe and Zeller did not enter any formal plea to the charges.

Challe readily admitted leading the revolt at the request of friends who approached him and said the army was waiting to be led.

The Palace of Justice was ringed by guards alert against any Algerian hordes. An ambulance stood by and a military radio truck coordinated security. No parking was permitted for blocks around the building.

## Blue Laws Legal, High Court Rules

WASHINGTON (AP)—The Supreme Court today upheld constitutionality of Sunday blue laws. Chief Justice Warren delivered the court's decision.

The tribunal ruled in cases specifically applying to blue laws of Massachusetts, Pennsylvania and Maryland.

Blue laws, which restrict Sunday activities in many states, originated in Colonial America to compel observance of the Sabbath.

Lawyers attacking the statutes said they have become "a lethal weapon in the economic war of competition" among retailers. The lawyers also argued the laws were religious statutes, enforcement of which violated the U.S. Constitution.

The advent of the Sunday supermarket, the super drugstore and giant discount emporiums in suburbs and along major highways brought vigorous complaints from downtown business interests along with demands for enforcement of Sunday closing laws.

Some church organizations also sought stricter enforcement of the laws, while some Orthodox Jews and Seventh-day Adventists who observe Saturday as the Sabbath opposed what was termed interference in religion.

## Meeting May Turn Into a Word Battle

By WILLIAM L. RYAN  
Associated Press News Analyst

PARIS (AP)—President Kennedy's Vienna meeting with Premier Khrushchev can develop into a free-swinging verbal slugfest that would leave each leader with few illusions about the other.

Advance pronouncements from Moscow indicate Khrushchev will tell the President the United States has no choice but to accept rising Communist world power as a reality and adapt itself to that as a fact of life—that the Communists will neither retreat nor halt in their drive for world supremacy.

For his part, President Kennedy indicated on his recent state visit to Canada he is in a mood for straight talk, unvarnished by diplomatic niceties. He is apt to pull no punches while telling Khrushchev what the United States is prepared to do—beef up conventional forces, activate a NATO nuclear striking force and take whatever other measures may be necessary to head off further Communist conquests.

In advance, Moscow is putting out the line that the confrontation may be expected to bring "good results." That is how a headline put it in Izvestia, the Soviet government newspaper. Pravda, the Communist party paper, also is building up expectations for the meeting. That is nothing new Soviet propaganda did likewise last year before Khrushchev exploded a summit meeting with a barrage of insults for President Eisenhower.

More significant is an article in Kommunist, the central Soviet theoretical journal. It repeats what Moscow has said for eight years: Stubborn problems can be solved by discussion. But then it adds what may be the central theme of Khrushchev's argument in his talk with Kennedy.

The success of discussions, says Kommunist, depends upon "the ruling circles of the imperialist powers, and first of all the United States of America, turning away from reactionary illusions and understanding the real relationship of forces in the world today."

That seems to be it, in a nutshell. It implies that what Kommunist calls "the solidarity of Socialist proletarian internationalism" is an unalterable fact which faces the West with an enormous, monolithic power bloc. The leaders of this bloc, because of rising Soviet economic, political and military power, have no intention of backing up or even slowing down in their drive to spread communism.

## Tigers Bring 3½ Game Lead in American

By ED WILKS  
Associated Press Sports Writer

The Detroit Tigers, hardly puffing after a 17-game road trip that did nothing at all to discourage their pennant hopes, settled down at home with a 3½-game lead as the American League race reached the Memorial Day mark.

The Tigers left home with a 2½-game edge. They added it to five midway through the trip and even after losing three of their last four games, still arrived home better off than when they left. In all, they were 18-7 on the tour. Detroit now plays eight at home, beginning with two against Kansas City today, goes to Chicago for two and then hustles back to Tiger Stadium for a 12-game stay.

Only one game was scheduled in the AL Monday, and right-hander Ike Delock of the Boston Red Sox pitched a five-hitter that beat New York 2-1 and ended Whitey Ford's winning streak at six. The loss dropped the third place Yankees five games behind Detroit going into today's single game at Boston.

In the National League, Cincinnati knocked off first place San Francisco 5-1, and the second place Los Angeles Dodgers edged within 1½ games of the Giants by beating St. Louis 2-1.

The rest of the AL's holiday schedule puts Minnesota at Cleveland for a pair with the second place Indians while fourth place Baltimore is at Chicago for two with the White Sox. The Los Angeles Angels are at Washington for a single game.

The Yankees were shut out on two singles by Delock (3-1) until run with one out in the 7th for a 1-1 tie. But Boston, after losing eight in a row to New York since last Sept. 6, put it away in the bottom of the seventh. Jackie Jensen, who had homered for the first run in the second inning, walked and came across on an infield out and a single by Vic Wertz.

## Koufax Bests Cards, Dodgers Climb Some

By ED WILKS  
Associated Press Sports Writer

The long wait is over for the Los Angeles Dodgers. Sandy Koufax has arrived with a bang, leading the National League with six victories and topping the majors in strikeouts while putting away the longest shutout streak of the season in either league.

The young left-hander, whose lack of control has overshadowed his firepower in the past, came up with his second consecutive three-hitter Monday night, outdueling Larry Jackson for a 2-1 victory over the St. Louis Cardinals.

That pushed the second-place Dodgers within 1½ games of front-running San Francisco after Cincinnati knocked off the Giants 5-1 in an afternoon game. No other games were scheduled.

In the only American League game Boston beat New York 2-1 behind the five-hit pitching of Ike Delock.

Koufax (6-2) now has won three in a row and six of his last seven decisions. He walked five and struck out 13 in this one, blanking the Cards until the ninth. A lead-off triple by Ken Boyer and a balk gave the Cards their run, and ended Sandy's shutout string at 22 innings—before Koufax fanned Hal Smith with the tying run on first.

The Dodgers also scored on a balk as they put over both runs in the eighth. Jackson (1-4), whose lone victory was a 7-2 decision over the Dodgers, had a five-hit shutout for seven frames. Then a walk and two bunts loaded the bases. Relief ace Lindy McDaniel came on and balked, forcing in a run, before giving up a winning single by Willie Davis.

This was the eighth victory in 12 games for the Dodgers (with all the victories by one run) and kept them a half-game ahead of third place Cincinnati. The Reds won their fourth in a row, and ended the Giants' string at four, as rookie Ker Hunt (3-2) nailed his first complete game in the majors with a seven-hitter.

A three-run homer in the first inning by Frank Robinson, his 12th, beat southpaw Mike McCormick (5-3). The Giants scored in the fifth on singles by Chuck Hillier and Ed Bressoud and an infield out.

## Wants to Keep Old Trolleys

WASHINGTON (AP) — Sen. J. William Fulbright, D-Ark., has tracked down the reason for the "irritable, testy, acrimonious atmosphere" in the Senate.

The fault, he says, is the new subway cars which give the senators a "jolting, jarring, nerve-racking ride" between their offices and the chamber every day.

He urged the Senate to sell the cars to Disneyland, Coney Island or the "Moscow (USSR) subway authority."

He took the floor Monday to comment on an announcement by Senate Democratic Leader Mike Mansfield of Montana that one of the old trolleys in the old tunnel will remain in operation until the end of the session.

The Smithsonian Institution and some private museums have asked for it and its companion trolley.

But Fulbright took the position that if anything has to go it should be the new cars.

"These ancient subway cars," his resolution said, "have become an institution of the Senate."

He called them "trusted servants" in transporting tourists, senators and their staffs "swiftly and comfortably" for 45 years.

He said the new system is destructive to "established traditions and values."

## Wants Buses to End All Segregation

By JACK ADAMS

WASHINGTON (AP) — If Alty. Gen. Robert F. Kennedy has his way, every interstate passenger bus in the country soon will carry a conspicuous placard reading:

"All seats aboard this vehicle are by law available at all times to any passenger without regard to race, color, creed, or national origin."

Similar plain notice to ban any discriminatory policies would be posted at all facilities maintained in connection with interstate bus travel — such as waiting rooms, rest rooms, eating and drinking facilities and windows for ticket sale.

These proposals were the key features of a formal petition which the attorney general filed late Monday with the Interstate Commerce Commission.

Kennedy's aim is to bring the full powers of the commission's vast regulatory authority to bear on ending racial discrimination in the interstate passenger bus system.

Acting in the wake of race riots in Alabama and the continued arrests of mixed white and Negro "Freedom Rider" groups at a bus terminal in Jackson, Miss., Kennedy told the ICC:

"Just as our Constitution is color-blind, and neither knows nor tolerates classes among citizens, so too is the Interstate Commerce Act. The time has come for this commission, in administering that act, to declare unequivocally by regulation that a Negro passenger is free to travel the length and breadth of this country in the same manner as any other passenger."

The Kennedy petition called at-

## Negro Will Register at Dollarway

PINE BLUFF, Ark. (AP) — A brother of the little girl who integrated Dollarway School last fall today became the second Negro first grader to register for next fall's term at the formerly all white school.

Benny Ree York, 6-year-old brother of Delores Jean York was brought to the school by his father, John York. One Negro first grader applied at the school during the first day of registration Monday.

Samuel Wayne Cato, 5, was escorted to the school by his mother Mrs. Lloyd Cato, shortly after registration began. An older brother attends all-Negro Townsend Park School.

The Dollarway School Board has said it will assign all first grade students to the schools of their choice, provided there is no conflict with the state's pupil placement law.

U.S. District Judge J. Smith Henley has tentatively approved the Dollarway integration plan, which was submitted after an earlier plan was ruled inadequate.

While the school board does not plan to admit additional Negroes to second grade classes at the Dollarway School, Delores Jean York will be eligible to attend.

Monday's registration was in direct contrast to last year, when a large crowd gathered and several demonstrations were staged.

There was no crowd Monday and Supt. Charles Falls said registration proceeded in calm and orderly fashion.

attention to the fact that the ICC and the Supreme Court over the last several years repeatedly have struck down racial discriminations in interstate travel by railroad and bus.

What he asked the ICC to do was to clear up any doubts by anyone on this subject by putting into a single brief document a summation of the prohibitions against any form of racial segregation in the interstate service.

ICC Chairman Everett Hutchinson, a Texas Democrat and an appointee of former President Dwight D. Eisenhower, said in response to an inquiry he did not consider it appropriate to comment on the attorney general's petition, other than to say "it will be considered carefully."

## Babe Ruth Legion Play Is Started

Last night, at Legion Park, in a near perfect opening game for the newly organized Babe Ruth League, Hope Team No. 2 dropped Hope Team No. 1, 3-0, behind the shutout pitching of Jim Brown a 13 year older, just up from the Little League, yielded only a single to Roger McLellan in the 4th inning. The single came after a 30 minute delay in which the lights had to be repaired, but Brown came back strong and was never in serious trouble.

Team 2 picked up 2 runs in the first when James Marcum was hit by the pitcher to load the bases, after Donald Martin had got on via the error route and Tony Purtle had singled. Then successive singles by Jack Coop and Doug Campbell brought in the runs. The final run came in the 4th when Brown reached first on an error and singles by Paul Henley and Don Martin brought him around.

Larry Thrash, the losing pitcher was pretty stingy himself, yielding only 3 runs on 5 hits.

This League, sponsored by the Hope Auto Co., First National Bank and the Hope Basket Co., will play in a League with two Nashville teams and this should provide some mighty interesting baseball for local fans. If you don't believe that these boys "come to play," just drop out to the park and watch some of these games. These teams play with the hustle of a Little Leaguer and the skill of Junior American Legion ball player.
